

# Data As Information

## Questions for SICC/SAP Representatives to Ask about Data

How were the data collected?

When were the data collected?

Are the data current, valid, and reliable?

What trends or patterns do the data show?

How do results compare to the goal we set?

Are the differences or similarities in the data something to take note of?

What strengths or challenges arise from the data?

What does the data tell us?

Questions taken from [Serving on Groups: Understanding Data as Information](#) (Wisconsin Family Assistance Center for Education, Training, and Support, 2013).
